### Programme Summary/Details:

The Department of Master of Computer Applications at VIVA Institute of Technology organized a workshop on "Programming Concepts using Advanced Java," conducted by Prof. Omprakash L. Mandge. The workshop aimed to enhance students' understanding of Advanced Java concepts through the use of the latest technologies. Prof. Mandge provided insights into developing and implementing the Spring Framework, beginning with fundamental concepts and discussing the advanced concepts of programming in Java. The workshop saw active participation from both the department staff and MCA students, who also had the opportunity to ask questions and engage with the material. Overall, the workshop was a valuable learning experience for the attendees.

Overall it was a knowledgeable, insightful and enriching workshop.
