### Programme summary:

The lecture was organised and schedule under VIVA Institute of Technology, EXTC department. Guest speaker Poonam Gawade took the session about Arduino Uno and Raspberry Pi.

Where she very interestingly taught about the different components used in Arduino Uno and raspberry Pi and gave us a brief idea about how to use it in different types of projects. She also taught about how to develop skills in project selection. It was a session that was held in auditorium. She cleared all the doubts about the application used in Arduino Uno and raspberry Pi. She ended the session by solving the doubts of the students.
