### Programme Summary/Details:

The Department of Master of Computer Applications at VIVA Institute of Technology organized a workshop titled "The Mobile App Development Revolution: Flutter's Role," conducted by Mr. Prathamesh Ayare. The workshop focused on educating students about the latest technologies in web and Android development, with a special emphasis on using Flutter to develop and implement applications. Mr. Ayare began by covering the basics and exploring career opportunities in the Development sector, creating a foundation for students to build upon. The event saw significant participation from both department staff and MCA students, who actively engaged by asking questions. Overall, the workshop provided valuable insights and hands-on experience in mobile app development, making it a beneficial learning experience for all attendees.
