### Programme Summary/Details:

The department of CSE(AI&ML) Engineering of VIVA institute of technology organised guest lecture on **Basics of JAVA** by **Prof. Soniya Dubey**. All the II year students of CSE department participated in the event. The aim of this guest lecture was to explore Full Stack Web Development, recent methods in Java. Next objective was to explore the Modern Application Development using Java. Java is the language of choice in enterprises. Many of the large software systems are built using Java. The key reason for Java being the language of choice was the tool support, robust JVM, statically typed language and modularity. At the end of the session Prof. Sonia mam given activity and assignment to the students to enhance their knowledge in Basics of JAVA.
