Report on Industrial Visit (Amul India)-2023-24

Date:12th MARCH 2024

Time: 03:00 PM onwards

Venue: Amul India Pvt. Ltd.,Virar (East)

Event: Industrial Visit

Total Participation: 20

The CSI-VIVA successfully organized an Industrial Visit for S.E of Computer Engineering Department students at “**Amul India Pvt. Ltd**”. The industrial visit to Amul Company was arranged by CSI-VIVA TECH, and the students were eagerly looking forward to it with great enthusiasm and excitement. Students got the opportunity to gain comprehensive insights into the company's rich history, innovative operations, and meticulous production processes. As part of the visit, students were taken on a tour of their state-of-the-art factory or dairy plant, where they witnessed first-hand, the efficient and automated production of various dairy products. They were even privy to the entire process, from milk collection and pasteurization to packaging and distribution, as the company prides itself on providing high-quality dairy products that meet stringent safety standards. Moreover, during their visit in Amul, they made students understand their in-depth understanding of the different production techniques and quality control measures implemented by the company to maintain its reputation for producing top-of-the-line dairy products such as milk, butter, cheese, yogurt, and ice cream. You would get to observe the various stages involved in the production of these dairy products, such as the churning of butter or the making of cheese, and learn about the specific equipment and machinery used in each stage. In addition, students had the chance to interact with the company's knowledgeable and experienced employees, who could share their expertise and insights into the company's unique cooperative business model and successful marketing strategies. They could also provide you with a glimpse of the company's culture, values, and

work environment, making it an enriching learning experience. The Industrial Visit to Amul proved to be a valuable and insightful experience for the students, enabling them to gain extensive knowledge about the dairy industry and cooperative business model. The visit also presented an opportunity for the students to expand their perspectives and explore a different atmosphere firsthand. Witnessing the entire process of production and distribution of dairy products helped the students to understand how a company like Amul has achieved tremendous success and become a household name in India. Overall, the visit proved to be an enriching experience that provided the students with a unique learning opportunity.

Overall it was an Informative Event.

Thanking You

Subject: Letter of Appreciation

Respected Sir,

VIVA Institute of Technology is very much thankful to **Amul India Ltd., Virar (East)** for granting permission to visit your esteemed organization on 12th March 2024 for second year Computer Engineering students. This visit was value-adding and our students will cherish your interaction and experience in their hearts.

We expect similar support in future too.

Thanking You.

Yours faithfully,
